

Explanation

- Study Area
- Counties/Municipios
- International Boundary

Base map: Created from a mosaic of Landsat 7 ETM+ images captured in March and May of 2003 and shown with a 543 band combination.
 Source: Counties/Municipios layer derived from TNRIS data for the U.S. and INEGI data for Mexico. The study area boundary was determined by the Border Environmental Health Initiative project and was based on watershed boundaries.
